

### What is a Farmsquare?

A Farmsquare is a 1 by 1 meter modular planter box that allow different types of plants to grow a layer of safe growing mixed.

### How Community Farmsquare works?

Residents can adopt a Farmsquare which we will train folks to grow food in it. Adopters not only have some fresh and safe food grown right from their neighborhood, but also have more opportunities to interact with Nature and People around them.

### Activities

Community Farmsquare will operate weekdays and weekend:

- public / adopters can find their time to hands-on
- educational programmes for pre-schoolers
- during weekend we will run regular family and social bonding programmes such as workshops

### Our Goals

**Work:** Employment opportunity for elderly and folks who stays near.

**Learn:** To have educational programmes for pre-schoolers from nearby schools.

**Live:** Create a sense of belonging to the Space, People and Nature where we lives in.

**Heal:** Each Farmsquare return some bio-diversity backs to Nature.

**Play:** Learn to Play, Play to Learn.

### How are we growing safe food?

Each Farmsquare is a modular box made of eco-friendly wood composite. The plants will be relying on thick layer of growing-mixed are 100% plant-based supplied and we grow diversity of plants in each 1 by 1 meter Farmsquare.

### When are we starting?

Early next year 2014. We pushing hard for this.

### Where is it?

### How much does it costs per adoption?

Each adoption is S\$300, which we will only collect this amount from you when the site is ready to start. For each adoption, we will grow a Farmsquare (1 by 1 meter) of food for you by the folks staying near by the community.

You can also make a special pledge of S\$1000 for a Farmsquare. This will help us develop an educational programmes for the pre-schoolers nearby!

### What types of food we talking about?

We are coming out with a list of tropical vegetables and herbs that we are more confident of growing in our climate.

### Can you choose type of plants to grow?

Yes for plants within the list. Once the site get started, we plant to have proper nursery, seed saving programmes and allow each Farmsquare to grow a special recipe!

### "I don't stay near Hougang!"

This pilot site will allow us to develop a proper self-sustaining model so we can implement in more places around Singapore.

Your kind adoption will allow us to kick start. You can choose to visit during weekends with your family to harvest your food or let us help you share them to the people who needs it.
